Hi Toby,

I've attached the slim RSVP list from our schools. I know you said you had been reaching out to them. Do we have others who have accepted but are not on the attached list? Since this is a required event, I'm concerned.

I did speak with Grace at DPS and it sounded like she was developing a list, but with the strike who knows....

I can have Molly send out a reminder today or tomorrow with additional details and a final plea for attendees. The room we reserved was able to fit 125, since we thought we'd actually have teams from the schools. Also, on a bad note the room reserved is a lecture hall with tiered seating (the only one available to fit that many people for very low cost). It'll work.

Also, we need to re-connect with the SWIFT team to make sure we are all on the same page. I did get to meet the SWIFT folks at the ESEA conference and Kim Watchorn was there and hear their session. Kim really appreciated their balanced presentation and gave them her informal "stamp of approval" =) and shared that with her Office of Learning Supports colleagues so I think there is less stress there. It is interesting to see the low number of rsvps from that team.

The current CDE rsvp list is:
